

DATE	February 6, 2024
TO	Full Board Review
REVIEWED BY	Judith D. McLeod DNP, CPNP, RN Lead Nursing Education Consultant (LNEC)
PREPARED BY	Mary Brigid Barrett, MSN, RN Nursing Education Consultant (NEC)
SUBJECT	Consideration of Placement on Provisional Approval
PROGRAM	Platt College, Alhambra, Vocational Nursing Program (Program) (Program Director: Kisha Alvarado, Alhambra, Los Angeles County, Private)

Please note: Board Nursing Education Consultants make recommendations. The recommendations are forwarded to the Education and Practice Committee for review and recommendation or to the Executive Officer or full Board for action.

BACKGROUND:

From January 2022 to present, the Program had eight consecutive quarters in which the NCLEX-PN® average annual pass rates were below 10 percentage points of the state’s average annual pass rates. These pass rate results are non-compliant with California Code of Regulations (CCR), Section 2530(l), Title 16, which states:

The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.

STAFF ANALYSIS:

The Program has not demonstrated compliance with California Code of Regulations, Title 16, Section 2530(l) requiring an annual average minimum pass rate on the licensure examination for the past eight consecutive quarters (January 2022 – December 2023). During the most recent eight quarters, the Program’s annual average pass rate has ranged between 40 to 62 percent, which is 11 to 38 percentage points below the state average. Currently, the Program’s annual average pass rate is 43 percent, 38 percentage points below the state average annual pass rate.

The Program Director has identified the following Program concerns:

1. Admission policies were not followed i.e., the previous Program Director did not interview prospective students resulting in a less-qualified student population.

Students were not adequately screened and were not equipped with study and time management skills, arithmetic skills as well as reading and writing abilities to effectively process the information required for the Program.

2. Student tutoring and remediation were non-existent and weak. Tutoring and remediation policies were not enforced.
3. Students were not proctored well during testing, and multiple problems with test integrity were present.
4. Multiple students from past cohorts had never taken the NCLEX-PN®.
5. The instructional plan needed to be aligned to the NCLEX-PN® blueprint.
6. The faculty were not following the instructional plan and needed leadership and direction.
7. Few resources were available to assist the students.

The Program Director has implemented the following:

1. Admission policies were updated, making the process more rigorous and involving a panel selection with the DON, ADON and administration.
2. The remediation and tutoring policies were updated to increase tutoring opportunities and early identification of all at-risk students made tutoring via a virtual platform or in person possible. Mandatory tutoring and streamlined processes that allowed ease of access to faculty for assistance were provided.
3. Testing policies are in the process of being re-written and enforced, to ensure proctored tests occur and are fair to all testers.
4. The Program Director has reached out to all non-testers from previously completed cohorts to assist them to successfully pass NCLEX-PN®.
5. Currently, the Program Director and a curriculum committee are working together to align the Program's instructional plan with the NCLEX-PN® test plan.
6. Faculty meetings are held monthly and quarterly Faculty Retreats (July 2023 and December 2023) are giving in-service to instructors as well as eliciting their feedback and support for teaching the curriculum.

7. The Program's administration and leadership have funded ATI resource materials to help the students.
8. The Program implemented a strong Student Success program, with the goal of early support and resources for all students, incorporating tutoring availability via a virtual appointment system, faculty mentorship for all students in the program.

STAFF RECOMMENDATIONS:

1. Place the Program on a provisional approval for two years effective February 16, 2024.
2. Place the Program on the agenda for February 2026 Board meeting.
3. Require the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS

1. Require the Program to submit a comprehensive analysis report in six months but no later than September 1, 2024 and in eighteen months, but no later than September 1, 2025. The report must include a comprehensive analysis of the Program, timeline for implementation, and the effect of employed interventions. The following elements must be addressed in the analysis.
 - a. Terminal Objectives
 - b. Evaluation of Current Curriculum including:
 - 1- Instructional Plan
 - 2- Daily Lesson Plans for each Term
 - c. Student Policies including:
 - 1- Admission Criteria
 - 2- Screening and Selection Criteria
 - 3- Attendance Policy
 - 4- Remediation Policy
 - 5- Evaluation Methodology for Student Progress including evaluation of clinical practice
 - 6- Credit Granting Policy
 - d. Evaluations of approved clinical facilities which determine adequacy in number and variety of patients to accommodate current and projected student enrollment.
 - e. Faculty Meeting Methodology
 - f. Documentation of resources, including faculty and facilities, for all terms for all current cohorts.

2. Require the Program to provide one instructor for every ten students in clinical experiences. The California Code of Regulations, Title 16, Section 2534(d) states: “for supervision of clinical experience, there shall be a maximum of 15 students for each instructor.” Recommendation of one instructor for a maximum of ten students in clinical experiences will enable more focused instruction and enhanced learning to closely monitor and evaluate the clinical performance of students.
3. Notify the NEC in the event a current class is displaced from clinical sites.
4. Admit no additional classes without prior approval by the Board.
5. Require the Program, when requesting approval to admit students, to:
 - a. Submit all documentation in final form, using forms provided by the BVNPT, no later than by the fifteenth day of the second month preceding the month of the Board meeting.
 - b. Provide documentation that adequate resources, i.e., faculty and facilities, are available to support each admitted class of students.
 - c. Ensure that the Program maintains an average annual pass rate that is compliant with the California Code of Regulations, Title 16, Section 2530(l).
6. Comply with all the approval standards set forth in Article 4 of the Vocational Nursing Practice Act, commencing with California Business and Professions Code Section 2880, and in Article 5 of the California Code of Regulations, Title 16, commencing with Section 2525.
7. Board staff will continue to monitor the Program’s effectiveness by tracking class admissions, the effectiveness of employed interventions, and the Program’s licensure examination pass rates each quarter.
8. Require the Program to demonstrate incremental progress in the NCLEX-PN® licensure examination pass rates. If the program fails to satisfactorily demonstrate incremental progress, the full Board may revoke the program’s approval.

RELEVANT PROGRAM ELEMENTS

Enrollment

California Code of Regulations, Title 16, Section 2530(k) states:

The program shall have prior Board approval to increase the number of students per class and/or increase the frequency of admission of classes. Criteria to evaluate a school's request to increase the number of students per class and/or increase the frequency of class admissions include but are not limited to: (1) Sufficient program resources as specified in Section

- 2530(a). (2) Adequacy of clinical experience as specified in Section 2534.
- (3) Licensure examination pass rates as specified in Section 2530(l).

The Program is approved to offer a 60-week full-time class. Board approval is required prior to the admission of each class.

The following table represents current student enrollment based on current class starts and completion dates. The table indicates a maximum enrollment of 13 students for the period March 2023 through June 2024.

ENROLLMENT DATA TABLE

Class Start Dates	Class Completion Dates	Number of Students Admitted	Number of Students Current	Number of Graduated	Total Enrolled

Licensing Examination Statistics

California Code of Regulations, Title 16, Section 2530(l) states:

The program shall maintain a yearly average minimum pass rate on the licensure examination that does not fall below 10 percentage points of the state average pass rate for first time candidates of approved vocational nursing schools for the same period.

The following statistics, furnished by Pearson Vue and published by the National Council of State Boards of Nursing as “Jurisdictional Summary of All First-Time Candidates Educated in Member Board Jurisdiction,” for the period January 2022 through December 2023, specify the pass percentage rate for graduates of the Program on the National Council Licensure Examination for Practical/Vocational Nurses (NCLEX-PN®) and the variance from the state average annual pass rates.

NCLEX-PN® LICENSURE EXAMINATION DATA

Quarterly Statistics					Annual Statistics		
Quarter	# Candidates in Quarter	# Passed in Quarter	% Passed in Quarter	State Quarterly Pass Rate	Program Average Annual Pass Rate	State Average Annual Pass Rate CCR §2530(l)	Variance from State Average Annual Pass Rate

Oct - Dec 2023	1	1	100%	84%	43%	81%	-38

*The Annual Pass Rate changes every quarter. It is calculated by dividing the number of candidates who passed during the current and previous three quarters by the number of candidates who tested during the same period. If no data is available for the relevant period, the statistics are carried over from the last quarter for which data is available.

Based on the most current data available (October-December 2023), the Program's average annual pass rate is 43 percent. The California average annual pass rate for graduates from approved vocational nursing programs who took the NCLEX-PN® for the first time during the same period is 81 percent. The average annual pass rate for the Program is 38 percentage points below the state average annual pass rate.

Faculty and Facilities

California Code of Regulations, Title 16, Section 2534(d) states:

For supervision of clinical experience, there shall be a maximum of 15 students for each instructor.

The current number of approved faculty totals nine, including the Program Director and Assistant Program Director. The Program Director has 75 percent administrative duties and 25 percent teaching responsibilities. Of the total faculty, nine are designated to teach clinical.

Based upon a maximum proposed enrollment of 13 students, two instructors are required for clinical supervision. The utilization of faculty at clinical facilities is such that clinical instruction is covered adequately.

California Code of Regulations, Title 16, Section 2534(b) states:

Schools shall have clinical facilities adequate as to number, type, and variety of patients treated, to provide clinical experience for all students in the areas specified by Section 2533. There must be available for student assignment, an adequate daily census of patients to afford a variety of clinical experiences consistent with competency-based objectives and theory being taught.

Submitted documentation indicates the Program has sufficient clinical facilities to afford the number, type and variety of patients that will provide clinical experience consistent with approved competency-based objectives and theory being taught for the current student enrollment.

5. Board staff will continue to monitor the Program's effectiveness by tracking class admissions, the effectiveness of employed interventions, and the Program's licensure examination pass rates each quarter.

On November 15, 2022, the Executive Officer approved the following:

1. Approved the Program's request to admit a full-time day class of 24 students to commence on March 27, 2023, with an expected graduation date of June 5, 2024. This cohort will replace the cohort which graduated on October 24, 2022.
2. Required the Program to comply with all requirements listed below.

PROGRAM REQUIREMENTS

1. Notify the NEC in the event a current class is displaced from clinical sites.
 2. Obtain BVNPT approval prior to admission of each class.
 3. Continued to require the Program, when requesting approval to admit students, to:
 - a. Submit all documentation in final form, using the forms provided by the BVNPT, no later than two months prior to the requested start date for the class.
 - b. Provide documentation that adequate resources, i.e., faculty and facilities, are available to support each admitted class of students.
